## *From the Vicar's Desk ....*

My beloved St. Thomas family members,

Greetings in the name of our Lord and saviour Jesus Christ! Recently I heard a video clipping regarding the subject "Satisfaction"

by Dr. B. K. Vishnu Nambudiri in one of the Social Media. I think it's very useful to lead a meaningful satisfied life. According to this talk, today people are facing dis-satisfaction in their day to day life. People have everything, but lacking the main chemistry of happiness in their life. We need four hormones in our body.

First hormone is called Endorphins. This hormone is emerging during the time of exercise. Mainly walking is important in exercise. We have to walk four or five kilometres daily. Our works won't help to create this hormone because works for daily bread won't give any mental freeness in our life. Another thing for this hormone is laughing. Give a smile at near and dear ones or known persons which will reduce our tension. Through exercise and laughing our brain will release this hormone and we become satisfaction in our life.

Second hormone is Dopamine. We cannot buy this hormone. Dopamine decreases due to non-acceptance in family or society. Do not degrade or disregard any one in front of others. We even criticise others if they make a small mistake. Acceptance and regards are not simply coming to us but it has to give to others as give and take respect. Encouragement appreciation in family, society and Parish will create this hormone.

Serotonin is another hormone for a satisfied life. Eating Banana is good for emerging this hormone. But it has to release from brain. We

need to do something for others then naturally this hormone will come.

Oxytocin is another hormone for a pleasant and satisfied life. For releasing this from brain we have to stand with the others. Children need their mother's nearness to grow healthy. Even in all ages our parents nearness will be a great help for a happy life. We feel secured in their presence. We should be good to others and stand with the like minded people.

In conclusion we can say that Meditation and medicine have equal importance in our day today life for a satisfied and healthy life.

The month of October is very important in our Parish calendar. Our Annual convention and Family Sunday are very important programmes on 21st to 25th October, 2019. This year Rev. Abraham Thomas, Vicar, Port Blair Mar Thoma Church, Andamans will be our preacher based on the theme "Parish: A healing Community". Kindly make use of this opportunity to hear the word of God and family dedication.

Rev. P.C. James, Vicar, Thambaram Mar Thoma church is with us from 01st to 16th October. Last year also we sponsored the unprivileged children for education from the mission fields of our Diocese. Kindly give an opportunity from the mission field to get education like your children. May our God surely see your valuable contribution and bless your generation.

I need your whole hearted support and prayers for the fruitful Parish ministries.

Yours lovingly

**Jiji Achen**

## Am I compromising?

*Be very careful, then, how you live - not as unwise but as wise. - Ephesians 5:15*

As teenagers, we are often trying to balance the worldly demands and spiritual demands. According to the Dictionary, to compromise means the acceptance of standards that are lower than desirable. Compromising can be a good thing when there are conflicts or disputes involved. But compromising can be seen as negative when we pull down our standards. There are 5 main areas of life that teenagers are compromising. These areas are faith, call, time, body and values. Each area is independent in itself.

We should make sure that we pray, read the Bible and devote our life for what God has called us to do. As a Christian, it is just not enough to go to the Church, we should constantly rededicate our life to the feet of the Lord, so that we can be lifted up. Our faith should be displayed in our actions.

There is a call in each of our lives. Maybe we are called to work with poor, maybe we are called to work as a scientist, doctor or maybe we are called to stay in our homes, irrespective of what we are called to be, we need to remember we belong to the Lord Jesus Christ.

As teenagers, we can get so carried away in wasting our time. The time that is lost can never be got back. Use your time well to fulfill your present call in your life that is to study and glorify God.

Our bodies are temples of the Holy Spirit. The way we dress, the way we speak, the way we present ourselves should not compromise our Christian standards. It is easy to be drifted to the standards of the world by pulling down our standards. But

we need to change that idea. Instead we should cherish our bodies, since we are created in the image of Christ and we have to keep ourselves pure.

Finally the values we have been taught should not be compromised. Values like treating others with respect, honoring our parents, being honest etc should be displayed in our lives at all times. We worship a perfect God, who is constantly working on us to make us holy and acceptable to Him. Our values should align with Christ values.

In conclusion, pray always so that we would be able to do what is right in the sight of the Lord. Do not place yourself in a situation that will hurt you in the near future.

September is World Suicide Month- Do not be hard on yourself. We all make mistakes and have fallen short of the glory of God. But He wants to forgive us. Let God be your hope. He will make a way for you. Talk to someone whom you trust if you are hurting. Let the Holy Spirit be your friend and let God intervene in every area of your life. Do not harm yourself because your body belongs to the Lord. You are valuable in His sight.
